

Installation Guide:

1. Step 1:

- Download Extension and place inside your Project root/app/code/

2. Step 2:

- In magento root directory run the following commands using the command line:

```
php bin/magento setup:upgrade
```

```
php bin/magento setup:static-content:deploy
```

3. Step 3:

- To access this extension in your site domain, you must need to register your domain.
- You can check reference here for this:
<https://magecaptain.com/blog/post/how-to-generate-license-for-purchased-extension/>

4. Step 4:

- Login to Magento admin and enable extension at Stores=>Configuration=>MageCaptain=>Auto Related Product

5. Step 5:

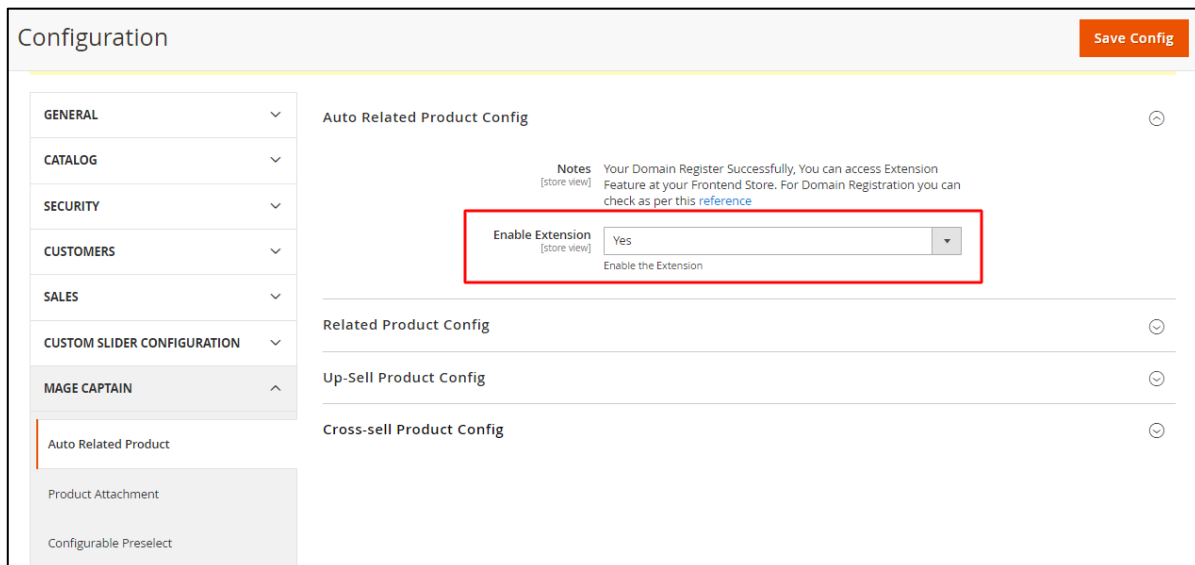

- That's it, you're done.

How to Use:

Login to Magento admin and enable extension at
Stores=>Configuration=>MageCaptain=>Auto Related Product

⇒ Auto Related Product Config:

- Enable / Disable Extension

The screenshot shows the 'Configuration' page in the Magento Admin interface. The left sidebar contains a navigation menu with categories: GENERAL, CATALOG, SECURITY, CUSTOMERS, SALES, CUSTOM SLIDER CONFIGURATION, and MAGE CAPTAIN. Under 'MAGE CAPTAIN', the 'Auto Related Product' option is selected. The main content area is titled 'Auto Related Product Config' and includes a 'Save Config' button in the top right corner. A 'Notes' section states: 'Your Domain Register Successfully, You can access Extension Feature at your Frontend Store. For Domain Registration you can check as per this reference'. Below this, the 'Enable Extension' setting is set to 'Yes' and is highlighted with a red box. Other configuration sections visible are 'Related Product Config', 'Up-Sell Product Config', and 'Cross-sell Product Config'.
